\* Whole milk can be substituted for formula for babies 8-11 months.  
Expressed breast milk, served in a bottle, can be used in place of the formula (ONLY for day care babies)

This menu is not intended to be used sequentially  
Note: ALL juice must be 100% fruit, NO sugar added

## Menu Substitutions

If you wish to substitute one meal component for another (for example, apple for watermelon) you must remember:

- 1) You can only substitute from within the same component list: protein for protein, grain for grain, fruit for fruit, etc.
- 2) You can NEVER substitute something in place of the milk component (however, you can add a flavor to the milk).
- 3) You MUST note all substitutions on the back of the claim form. Write the date, meal and the substitution
- 4) If you are substituting the entire meal it should be noted as 00 on the menu number part of the claim and then you must write the entire meal with the date and meal type (BALPDE) on the back of the claim form.

### Acceptable Substitutions List

(all substitutions must meet minimum serving size requirements)

<u>Fruits</u> (fresh, canned†, dried or frozen)	<u>Vegetables</u> (fresh, canned†, dried or frozen)	<u>Breads</u> (and alternate grain products)	<u>Meats†</u> (and alternate protein products)
